

Risk mapping and assessment of knowledge, attitude and practices of anthrax among high risk groups in the Horn of Africa

Sandpit Fellows: John Njeru, Gezahegn Alemayehu, Muse Awale, Hadereu Goitom, Farah Isse Mumin

Mentors: Siobhan Mor, Eric Fevre, Joshua Onono, Jonathan Rushton, Andy Morse

Objectives:

1. Evaluate the existing national anthrax surveillance systems in Kenya, Somalia, Ethiopia and Eritrea
2. Understand knowledge, attitudes, and practices (KAP) on zoonotic risks of anthrax among high risk groups in Kenya, Somalia, Ethiopia and Eritrea
