

ILRI thanks all donors and organizations which globally support its work through their contributions to the CGIAR Trust Fund.

Innovative ways of working

Capacity development NADDEC:

- biorepository including training on data collection, recording, curation and presentation
- Joint repairs and services

Feedback to decision-makers:

- PPR technical committee meeting April 2021
- BUILD PMC

Community-based sensitization and capacity development:

- 7 PPR PDS case studies: Rakai, Kiruhura, Nakasongola, Isingiro, Napak, Wakiso, Moroto
- PPR sensitization video

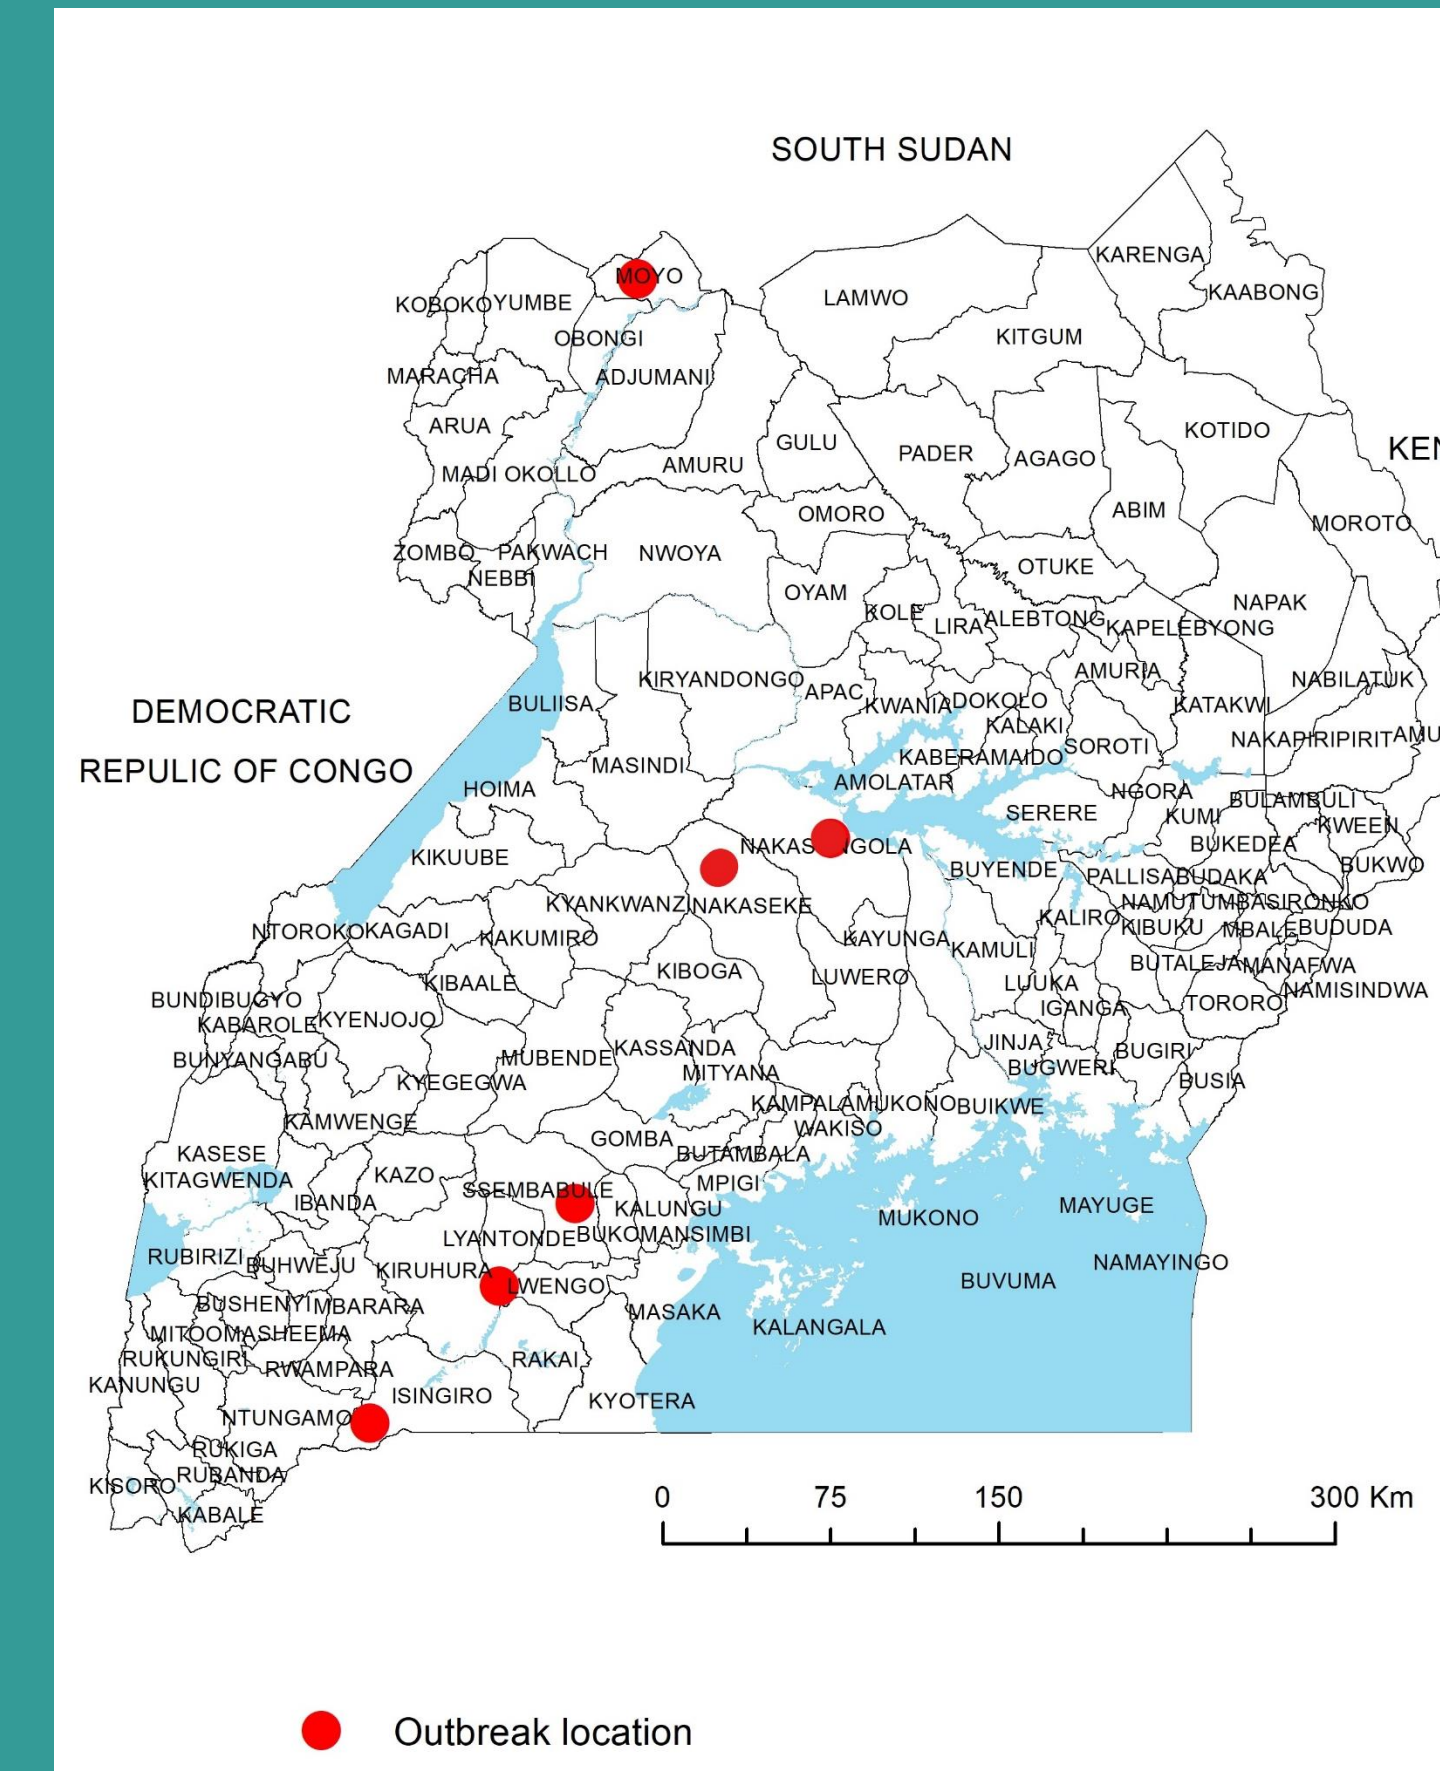

BUILD APM 2021: Report back from the PPR component

Paul Lumu, Henry Kiara, Martin Barasa, Joshua Waiswa, Claire Akwongo, Joseph Nkamwesiga, Alex Mabirizi, Peter Lule, Klaas Dietze, Milovan Milanovic, Eugene Arinaitwe, Gladys Kiggundu, Emily Ouma, Jane Namatovu, Innocent Obilil, Denis Mugizi, Barbara Wieland, Kristina Roesel

Main activities

1. Outbreak investigations

- 21 putative PPR outbreaks investigated
- 388/698 samples cELISA+
- 21/388 PCR+
- The reports informed MAAIF to procure an additional 2m vaccine doses

2. Post vaccination monitoring survey/ vaccine delivery audit

- initiated in 6 districts: Hoima, Pakwach, Nakaseke, Ntungamo, Pader, Bukedea
- started Aug 2021, completion in Nov 2021

3. Research for decision-making

- Spatio-temporal cluster analysis and PPR transmission drivers in Uganda – ready for journal submission
- PhD project Joseph Nkamwesiga

4. Packaging small ruminant vaccines

- MSc project Alex Mabirizi: ongoing
- Results for Ab response to PPR, CCPP and Capripox completed for first month – trial to end in November 2021

5. Socio-economic studies

- PhD project Marsy Asindu, data collection completed

Future steps

Get samples to FLI for quality assurance and testing for co-infection.

Test feasibility of epi-zone approach to regional PPR control.
